

AMBASSADOR SERVICES DELIVERS SPACES THAT **INSPIRE**

We want your organization to thrive in a setting that's healthy, safe, and inviting for your employees and guests. Our comprehensive facility maintenance and grounds services allow us to act as an extension of your maintenance department, going above and beyond everyday maintenance to offer superior service throughout your environment.

OUR APPROACH

Our company was founded in 2007 with a vision for success based on a long-term, customer-centric approach. We've achieved this by putting extra care into everything we do, and it shows. We've not only nurtured professional relationships over the long haul, but also seen triple-digit growth as we've expanded our services beyond our Houston headquarters and into 17 states.

Ambassador Services CEO Alexander Melgar started his career as a janitor. Because he's seen the industry through the eyes of a maintenance associate, he leads with a philosophy of inclusion. Our shared vision as a company is believing in something bigger than ourselves—from business potential to community outreach and even our eco footprint.
